

FIRST CIRCULAR

34th International Workshop on Deep Inelastic Scattering and Related Subjects

MAY 10–14, 2027 • TEMPLE UNIVERSITY • PHILADELPHIA, PA, USA

indico.bnl.gov/event/30823/

Dear Colleagues,

It is a great pleasure to announce that the **34th International Workshop on Deep Inelastic Scattering and Related Subjects (DIS 2027)** will take place in **Philadelphia, PA, USA, May 10–14, 2027**. We warmly invite the international community to join us at Temple University for five days of scientific exchange and discussion.

DIS 2027 continues the long-standing tradition of this annual international workshop series, bringing together researchers from around the world working on **Quantum Chromodynamics (QCD), deep inelastic scattering, and related areas of high-energy and nuclear physics**. The program will highlight recent theoretical advances and experimental results from major research facilities, including Brookhaven National Laboratory, CERN, DESY, Fermilab, Jefferson Lab, and KEK.

Venue and Scientific Program

The workshop will be held exclusively **in person** at the **Howard Gittis Student Center**, on Temple University's main campus in Philadelphia. The scientific program begins Monday morning, May 10, and concludes Friday afternoon, May 14. It will feature invited plenary talks on Monday and Friday and parallel sessions for contributed presentations during the intervening days.

The scientific program is organized around six working groups:

- Structure Functions and Parton Densities
- Low-x, Diffraction, and Forward Physics
- Electroweak, Top, Higgs, and BSM Physics
- QCD with Heavy Flavors and Hadronic Final States
- Spin and 3D Structure
- Current Upgrades and Future Experiments

For the evolving timetable and scientific information, visit the DIS 2027 conference website.

Guido Altarelli Award

The **Guido Altarelli Award** honors the memory of an outstanding contributor to QCD, a gifted communicator of particle physics, and a dedicated mentor to young scientists. Recognizing exceptional scientific contributions by junior researchers in fields covered by DIS, the award includes a certificate and a monetary prize. The **2027 award will be presented during DIS 2027**. Information on nominations, eligibility, and selection is available here; further background and previous recipients are listed on the award website.

Registration, Fees & Important Dates

Registration and Call for Abstracts

Conference registration and abstract submission open November 30, 2026. Participants register through the Indico conference registration website; registration-fee payment is handled separately through Temple University's payment system. **Both steps are required** to complete registration.

The conference registration fee covers general conference expenses, **daily coffee breaks and lunches**, and the social program: the welcome reception, conference dinner on **Wednesday, May 12**, and organized excursions on **Thursday afternoon, May 13**.

Conference Registration Fees

Participant category	Early-bird registration Nov. 30, 2026 – Mar. 13, 2027	Late registration Mar. 14 – Apr. 11, 2027
Regular participant	**$595.00**	**$645.00**
Student participant	**$445.00**	**$495.00**

All fees are in US dollars (USD). Regular participants include faculty, research scientists, postdoctoral researchers, and university/laboratory staff. Student participants include undergraduate, master's, and Ph.D. students.

Accompanying persons: A separate fixed fee of **$200 per person** covers the welcome reception, conference dinner, and organized excursions, regardless of the registration period.

Conference Hotel and Accommodation

We are pleased to offer DIS 2027 participants a **special negotiated rate of $195 per night** at the **DoubleTree by Hilton Philadelphia Center City**, 237 South Broad Street, Philadelphia, PA 19107, USA. Located in Center City along the Avenue of the Arts, the hotel provides convenient access to restaurants, cultural attractions, and the SEPTA Broad Street Line for travel to Temple University (10min.).

Reservations: Use the dedicated conference hotel booking link. **No prepayment is required.** We encourage early reservations, as the special-rate rooms may be limited. The hotel reservation deadline is **April 9, 2027**. For alternative hotels and additional lodging guidance, visit the DIS 2027 Accommodation page.

Important Dates and Deadlines

Milestone	Date
Abstract submission and registration open	Monday, November 30, 2026
Abstract submission deadline	**Sunday, January 31, 2027**
Early-bird registration deadline	Saturday, March 13, 2027
Conference hotel reservation deadline	Friday, April 9, 2027
Regular registration deadline	Sunday, April 11, 2027
DIS 2027 conference	**May 10–14, 2027**

We Look Forward to Welcoming You

The workshop is organized by **Temple University** in collaboration with partner institutions. For conference information, accommodation guidance, and updates, please consult the DIS 2027 website. Questions may be directed to dis2027@temple.edu.

We look forward to welcoming you to **Philadelphia** in May 2027!

Sincerely,

Bernd Surrow
Laura H. Carnell Professor of Physics, Temple University
On behalf of the DIS 2027 Local Organizing Committee
