# Request for feedback

- Several colleagues have expressed a preference for our biweekly meetings on Tuesdays to start an hour earlier
- That is, to start at 11am ET instead of noon ET (8 instead of 9am PT, 4 instead of 5pm UK, 5 instead of 6pm in Italy, Czech Republic)
- What is your preference? Please drop Ernst a short line A change, if any, will take effect starting in April
- (Of course, today we are still dealing with the twice yearly confusion over Daylight Saving Time)
