$P(\nu)$ Implementation Status

$P(\nu)$ Implementation

- NJOY2016 simply ignores the new format if:
  - MF=6,
  - MT=18, and
  - LAW$\neq$0.
- There is no equivalent data in the ACE data

Fission Energy Release Implementation Status

Fission Energy Release Implementation Status

- Like for the $P(\nu)$ data, the fission energy release data is currently ignored in NJOY2016.
- Needs to be handled in HEATR.

Late-term Format Changes

Late-term Format Changes

1. Two formats proposed and (conditionally) accepted at mini-CSEWG (May 2017)
2. NJOY2016 ignores the data in the new formats
3. *New* changes to format were proposed in August—outside of CSEWG meeting
4. Data in new format was put in ENDF/B-VIII.0-β5
5. NJOY2016 could not process ENDF/B-VIII.0-β5
6. Hacks introduced into NJOY in order to "just get through"

Late-term Format Changes

1. Two formats proposed and (conditionally) accepted at mini-CSEWG (May 2017)
2. NJOY2016 ignores the data in the new formats
