Dear Colleague,

The 6th International Workshop on Compound-Nuclear Reactions and Related Topics (CNR*18), will be held in Berkeley, California, USA, during the week of September 24-28, 2018. The web site is: https://indico.bnl.gov/e/CNR2018

The CNR* workshop series brings together experts in nuclear theory, experiment, data evaluations, and applications, and fosters interactions between these groups.

Abstracts: The (extended) abstract submission of June 20 has passed. Post-deadline submissions received by September 4 will be considered for the poster session.

Program: The workshop will run Monday morning through Friday afternoon. A welcome reception will take place Monday evening, a poster session and conference banquet are planned for Wednesday, and an excursion to Muir Woods will be offered for Thursday afternoon. A tentative schedule with speakers has been posted on the conference web site.

Registration: The registration fee is $400 regular/$200 reduced and includes the reception, lunches, coffee breaks, and proceedings. Some funds are available to support students and postdocs (upon request! Priority will be given to presenters who can demonstrate a need for support.) Please register and sign up for functions (reception, dinner, excursion) by September 4; we cannot guarantee availability after that date.
Conference site: The meeting will be held on the Lawrence Berkeley National Laboratory site, located in the hills above Berkeley, California, USA. Free shuttles connect downtown Berkeley to LBNL.

Accommodation: A number of rooms have been reserved in the downtown Berkeley area and on the LBNL site. A major commercial conference will take place in the Bay Area during the last week of September, driving hotel prices in Berkeley to well over $300/night. Do not wait to book your room! At this time, rooms are available for a few more days at the Faculty Club and the Women’s Faculty Club: Both are located downtown Berkeley, near the shuttle stop, and are available to all participants.

To make reservations at the Women’s Faculty Club, contact Cina Chan at +1-510-642-4175 and ask for the “CNR*18 Room Block.” Rooms will be released Aug 27.
To make reservations at the Faculty Club, call +1-510-540-5678, ext. 0, and ask for the “CNR Group Block.” Rooms will be released Sept 4.

Proceedings: Springer will publish our conference proceedings. Both oral and poster contributions will undergo a referee process. Details regarding lengths and format of contributions will be announced at a later date. The tentative deadline for submission is December 1, 2018.

Web site: Additional information and updates will be posted on the CNR*18 web site: https://indico.bnl.gov/e/CNR2018

The meeting is supported by: Lawrence Berkeley National Laboratory (LBNL), Lawrence Livermore National Laboratory (LLNL), Los Alamos National Laboratory (LANL), and the National Nuclear Science and Security Consortium (NSSC).

International Advisory Committee: G. Bertsch (INT), C. Brune (Ohio U), R. Capote (IAEA), B. Carlson (ITA), S. Chiba (Tokyo Tech), M. Dupuis (CEA, DAM, DIF), A. Hayes (LANL), K. Jones (UTK), B. Jurado (CENBG), T. Kawano (LANL), P. Koehler (LANL), A. Koning (IAEA), M. Krticka (Charles U), G. Perdikakis (CMU), R. Reifarth (GU Frankfurt), M. Wiescher (Notre Dame), V. Zelevinsky (MSU/NSCL)

CNR*18 Organizing Committee:
J.E. Escher (LLNL), L.A. Bernstein (LBNL), Y. Alhassid (Yale), D. Brown (BNL), C. Fröhlich (NCSU), P. Talou (LANL), W. Younes (LLNL)
