

Session Program

4-6 Jun 2018

Center for Frontiers
in Nuclear Science

Next-generation GPD studies with exclusive meson production at EIC

J/PSI PRODUCTION NEAR THRESHOLD / BACKWARD MESON PRODUCTION

CFNS Stony Brook, C-120
Stony Brook University

Wednesday 6 June

11:00

J/PSI PRODUCTION NEAR THRESHOLD / BACKWARD MESON PRODUCTION

Session | **Location:** CFNS Stony Brook, C-120, Stony Brook University | **Convener:** Marie Boer

11:00–11:30 **J/psi near threshold with JLab12**

Speaker

Rafayel Paremuyan

11:30–12:00 **J/psi and Upsilon production at JLab12 and EIC**

Speaker

Sylvester Joosten

12:00–12:30 **Backward meson production**

Speaker

Wenliang Li

12:30–12:45 **Exclusive two-pion production in sigma channel**

Speaker

Dilini Bulumulla

12:45
