

Session Program

4-6 Jun 2018

Center for Frontiers
in Nuclear Science

Next-generation GPD studies with exclusive meson production at EIC

GPDs IN COMPTON-LIKE PROCESSES

CFNS Stony Brook, C-120
Stony Brook University

Wednesday 6 June

14:00

GPDS IN COMPTON-LIKE PROCESSES

Session | **Location:** CFNS Stony Brook, C-120, Stony Brook University | **Convener:** Christian Weiss

14:00-14:40

Timelike Compton scattering and related processes

Speaker

Jakub Wagner

14:40-15:00

Accessing GPDs through exclusive photo- and electro-production of lepton pairs

Speaker

Marie Boer

15:00

15:00

GPDS IN COMPTON-LIKE PROCESSES: Discussion on compton-like processes vs. DVCS

Session | **Location:** CFNS Stony Brook, C-120, Stony Brook University

15:40
