# Shared Pool Update

User Jobs

Shared Pool Update

- Provisioned another 55 machines for the shared pool this week
  - Temporarily lent some resources to support sPHENIX high-memory jobs
- Utilization is good
- NP Experiments ca access by flocking from STAR, the theory nodes (rlnxsp0[1,2]) or special PHENIX submit nodes (phnxel7[1,2])

- Open to all participants in the SDCC, no MOU is needed; please contact me <willsk@bnl.gov> or Tony <tony@bnl.gov> if you are interested in getting access and you don't have it already
