

Second Topical Workshop on Microphonics, LLRF Workshop Series

Friday, 26 October 2018

Session 5: Microphonics Sources, Experience and Control II - Dumbo and Navy Yard (08:05 - 10:30)

-Conveners: Serena Barbanotti

time	[id] title	presenter
08:05	[81] Open Q & A	
08:35	[57] Microphonics Control Studies for High QL SRF Cavities and Module Commissioning of the bERLinPro SRF Gun	Dr NEUMANN, Axel
09:00	[58] Experience with Microphonics in the CBETA Main Linac Cryomodule	BANERJEE, Nilanjan
09:20	[59] Current Status of Microphonics and LLRF Control at cERL	MIURA, Takako
09:40	[60] Beam Induced Microphonics in High Current Synchrotrons	ROSE, James
09:55	[61] Microphonics Considerations for BESSY-VSR	Dr ECHEVARRIA, Pablo
10:10	[62] Microphonics Experience in HIE-ISOLDE at CERN	MIYAZAKI, Akira
10:25	[64] Q & A
