

# 2nd JETSCAPE Winter School and Workshop 2019

## Friday, 11 January 2019

### Workshop Session II (16:15 - 18:30)

-Conveners: Joern Putschke

time	[id] title	presenter
16:15	[23] Azimuthal Anisotropies at High Momentum from Purely Non-Hydrodynamic Transport	ROMATSCHKE, Paul
16:45	[24] Heavy Quark Radiative Energy Loss with a Quantum Many-body Approach	LIU, Shuai
17:15	[25] Finding the Scatterers in Hot Quark Soup	YIN, Yi
17:45	[26] 4D lattice calculation of transport coefficient $\hat{q}$ in a pure gluon plasma	KUMAR, Amit
18:00	[27] Modeling coherence effects for heavy quark energy loss: medium induced radiation and its interplay with vacuum radiation	KE, Weiyao
18:15	[28] Measurements of two-particle correlations in e+e-collisions at 91 GeV with ALEPH archived data	BADEA, Anthony
