

# Charm mixing and CP Violation at Belle

*Thursday, 15 August 2013 14:50 (20 minutes)*

We report results from Belle on charm mixing and CP violation:  
the topics include  $A_{CP}(D^0 \rightarrow \pi^0 \pi^0)$ ,  
 $D \rightarrow K 3\pi$  WS rate, CPV in  $\Lambda_c$ , D mixing in  $D \rightarrow h h$ ,  
and CPV in  $D \rightarrow K_s K^+$ .
