

18th International Magnetic Measurement Workshop (IMMW18)

Friday, 7 June 2013

Instruments 2 - Room B (09:30 - 13:00)

-Conveners: Stephan Russenschuk

time	[id] title	presenter
09:30	[40] Application of PCB and FDM Technologies for Magnetic Measurement Probe Development	DIMARCO, Joseph
10:00	[47] Real-time magnetic field control applications at CERN: an update	BUZIO, Marco
10:30	Coffee Break	
11:00	[42] A flipping-coil field measurement system for the CSNS/RCS dipole magnet	YANG, Mei
11:30	[43] Safety and health impact of magnetic fields	BUZIO, Marco
12:00	[44] Close Out
