The Search for Physics beyond the Standard Model

Monday, 23 March 2020 17:50 (35 minutes)

To date, LHC experiments are remarkably consistent with Standard Model predictions. Theorists, however, remain convinced of the need for new physics beyond the Standard Model. I will discuss the motivations for beyond the Standard Model physics and speculate as to where cracks in the Standard Model framework are most likely to emerge.

Presenter: Dr DAWSON, Sally

Session Classification: Plenary-I
