

# XXVIII International Workshop on Deep Inelastic Scattering and Related Subjects

## Thursday, 26 March 2020

### Plenary-II: QCD in the 2030's (11:00 - 13:30)

time	[id] title	presenter
11:00	[115] Prospects for QCD, EW and Top Physics at the HL-LHC	PAGAN GRISO, Simone
11:25	[116] Prospects for Higgs Physics at the HL-LHC	MILLS, Corrinne
11:50	[117] LHeC physics and connections to LHC	SCHWANENBERGER, Christian
12:15	[118] Report on the European Strategy for Particle Physics Update	ABRAMOWICZ, Halina
12:40	[119] The Physics of the EIC and consequences at the LHC	HOBBS, Timothy
13:05	[120] EIC in US/DOE perspective	HALLMAN, Tim
