## **DEFINITION OF ROLES:**

## Evaluator

- · Can create branch to work from
- · Can push to Phase I branch
- Can make merge requests from Phase I branch to Phase II branch
- · Must iterate with Reviewer to address issues
- Potential reviewer for other's merge request
- Kind of like Reviewer + Institution POC

## Reviewer

- Can approve a merge request from Phase I branch to Phase II branch
- Must actually read the ADVANCE build reports & iterate with Evaluator to address issues

## Institution POC

- · Can create branch to work from
- · Can push to Phase I branch
- Can make merge requests from Phase I branch to Phase II branch
- Please help Evaluators & Reviewers at your institution, they may need help with git and gitlab!

| Name | Email | Role<br>(E, R, POC) | (Sub)Libraries |
|------|-------|---------------------|----------------|
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
|      |       |                     |                |
