

Session Program

21-24 Jan 2020

Exploring QCD with light nuclei at EIC

Shadowing / Fluctuations

SBU Physics Building C-120
Stony Brook University Stony Brook, NY 11794

Friday 24 January

09:00

Shadowing / Fluctuations

Session | **Location:** SBU Physics Building C-120, Stony Brook University Stony Brook, NY 11794

09:00–09:40

Leading-twist shadowing in inclusive and diffractive DIS

Speaker

Vadim Guzey

09:40–10:20

Diffraction and fluctuations in high-energy scattering on light nuclei

Speaker

Bjoern Schenke

10:20
