

Inaugural Workshop on Applications of Cosmic Ray Measurements

Saturday, 5 October 2019

Detector Readout Development - 2608 (14:00 - 17:00)

-Conveners: Nikola Veselinovic

time	[id] title	presenter
14:00	[21] Tracing the temporal variations of effective temperature in Earth's upper atmosphere with cosmic ray measurements	Ms MEENA, Beena
14:40	[16] From Physical Principles to Prediction of Water and Energy Fluxes over the Earth Surface	Prof. WANG, Jingfeng
15:20	Afternoon Coffee Break	
15:40	[17] Universal system of long range radio communication for mobile detectors	SMELCERZ, Katarzyna
16:20	[5] ASIC chip development for cosmic ray detectors	Prof. CHEN, Nan Prof. WEI, Ting-Cun
