

LSST Dark Energy Science Collaboration Meeting

Wednesday, 4 December 2013

Theory/Joint Probes - Gold Room (13:30 - 15:00)

time	[id] title	presenter
13:30	[68] Combining photometric surveys with spectroscopic ones	BRIDLE, Sarah
13:40	[69] Magnification estimator	SCHNEIDER, Michael
14:00	[70] Updates from members	
14:15	[71] Discussion on software tools	
14:35	[72] Discussion on combining probes	

Thursday, 5 December 2013

Theory/Joint Probes: Modified Gravity - Conference Room B (15:30 - 17:00)

-Conveners: Rachel Bean; Salman Habib

time	[id] title	presenter
15:30	[104] Gravity on Cosmic Scales and LSST	LINDER, Eric
16:00	[105] Effect of massive neutrinos and dynamical dark energy on large scale structure	BISWAS, Rahul
16:30	[106] Discussion on modified gravity requirements for simulations
