UNIVERSITY

- Undergrad studies in theoretical physics
- Master - First touch with HI physics
- PhD - experimental HI physics
- Postdoc (Purdue University)

# Work

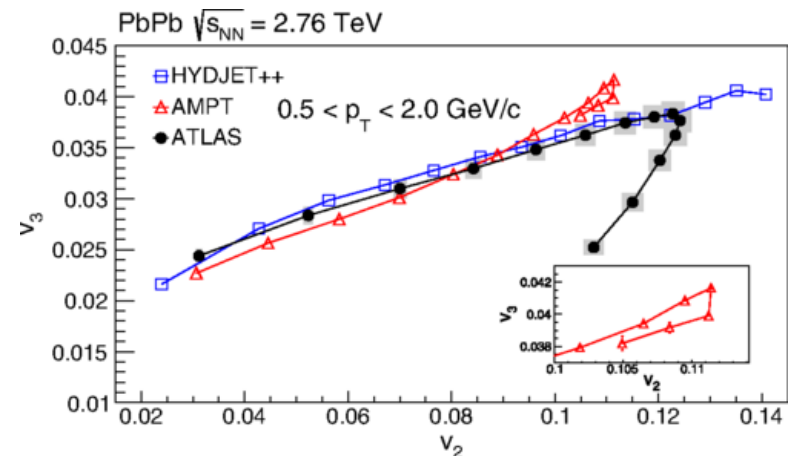

Phys. Rev. C 100, 044902 (2019)

Present:

- B → D<sup>0</sup> v<sub>2</sub> analysis
- Preparation for Run3 @ LHC
- INTT & monitoring for SPHENIX

In previous years :

- Worked in flow physics
- Contact person for XeXe flow analysis
- Track reconstruction
