

Agenda for Pavia Meeting (2nd EIC YR Workshop)

- ❑ Fully parallel sessions of the DWG (~2-4 hours?):
 - One talk on Detector Material Budget collected from all subgroups
 - Individual parallel meetings of the DWG subgroups – needed?
 - Parallel meetings between specific DWG subgroups, e.g.
 - PID and Tracking
 - Calorimetry and PID
 - Calorimetry and Magnet
- ❑ Joint parallel session with the Physics WG (~2-4 hours)
 - Two in parallel: one focused on forward, another one on central detector?
- ❑ Additional joint session with Software WG?
- ❑ One talk on the Answers to FAQ on complementarity in detectors and IRs
- ❑ Note: Complementarity and Software Overview and Q&A already planned as plenary session by the SC
