

Feedback from EIC Users Meeting

Deadline for input to the Detector Group's contribution to the YR is August 31st. This includes studies on:

- Detector Acceptance for e- and hadronic recoil
- Electron PID and background
- Detector Resolutions for e- and hadronic recoil
- Detector Purity and Stability for e- and hadronic recoil

Deadline for "Physics Studies" are softer. Need significant updates by September YR workshop. This includes studies on:

- Theoretical impact studies
- Constraints on systematic errors
