Jets at EIC (11:00 - 15:00)

-Conveners: Miguel Arratia; Zhongbo Kang

time	[id] title	presenter
11:00	[39] Introduction	NADOLSKY, Pavel
11:10	[53] High dimensional jet measurements	NACHMAN, Benjamin
11:35	[40] Jets at the EIC	RINGER, Felix
12:00	[41] Jets for longitudinal spin physics	PETRIELLO, Frank
12:25	Virtual Coffee Break	
12:45	[43] TMD structure at the EIC using jets	LEE, Kyle
12:55	[12] Cold Nuclear Matter effect on jet production at electron-ion colliders	LI, Haitao
13:05	[10] Dijet photoproduction in lepton-nucleus scattering at the EIC	GUZEY, Vadim
13:15	[11] Leading jets and energy loss at the EIC	SATO, nobuo
13:25	[35] Extraction of the Λ Polarizing Fragmentation Function from Belle e^+e^- data	ZACCHEDDU, Marco
13:35	[42] summary and plan	KANG, Zhongbo
